P.O. Box 1000, Barbados,
Barbados, West Indies, L.L.C.
Café, Caribbean Express, W.
40th St. New York City
Working Partners, Inc.

The diagram illustrates the experimental setup. A participant is seated at a table, looking at a video screen. A camera is positioned above the screen to capture the hand's position. A horizontal bar is placed on the table, with a vertical rod attached to it. The rod is connected to a motor unit, which is in turn connected to a power source. The video screen provides visual feedback of the hand's position relative to the target.
