Section 2.03. Personal Liability. No director or officer of the Association, and no other person acting on behalf of the Board shall be personally liable to any Lot Owner or occupant for any damage, loss or prejudice suffered or claimed on account of any act, omission, error, or negligence in the discharge of such person's duties and responsibilities under this Declaration provided such person acted in good faith.

Section 2.05. Management Agreements. Any agreement for professional management entered into after the date this Declaration is recorded, or any other contract providing for services, will not exceed a term of one (1) year, which term may be renewed by mutual agreement for successive one year periods. Each Class A member shall be entitled to one vote for each Lot owned. In the event any Lot is owned by two (2) or more persons, the membership shall be joint, and only one vote may be cast with respect to any such Lot. If an Owner casts a ballot representing a certain Lot, it will be conclusively presumed for all purposes that such Owner was acting with the authority and consent of other Owners of the same Lot ("Co-Owners"), unless an objection or protest is made by a Co-Owner prior to the completion of the vote in which case no vote for that Lot will be counted. In the event that more than one ballot is cast for a particular Lot, none of said votes shall be counted.

Class B. The Class B member shall be the Declarant. The Declarant shall be entitled to three (3) votes for each Lot owned. The Class B membership shall cease and be converted to Class A membership when Declarant no longer owns any Lot. The Declarant may at any time relinquish its Class B membership by giving written notice thereof to the Association.

In the event any Owner shall be in arrears in the payment of any Assessment for a period of fifteen (15) days or more, or in default of any provision of this Declaration, said Owner's right to vote as a member of the Association may be automatically suspended by the Board of Directors until all payments are brought current and all defaults cured.

Section 4.01. Assessments. The Owner of every Lot, by acceptance of a deed there for, is deemed to covenant and agree to pay to the Association: (1) Annual Assessments, payable in such installments as determined by the Association's Board of Directors; (2) Special Assessments; and (3) Individual Assessments. The Assessments, together with late charges, costs of collection, and all attorneys' fees incurred in collecting same, shall be a charge and continuing lien upon the Lot against which each such Assessment is made, and shall also be the personal obligation of the Owner of the Lot at the time when the Assessment became due. Section 4.04. Special and Individual Assessments.

A. Special Assessments. Special Assessments may be levied by the Association equally against each Lot for the purpose of defraying, in whole or in part, the cost of any maintenance, construction, reconstruction, repair or replacement of Common Features with the affirmative vote of members representing at least sixty-seven percent (67%) of the total votes in the Association.

B. Individual Assessments. Individual Assessments may be levied against a Lot to reimburse the Association for any costs incurred in bringing the Lot into compliance with the provisions of the Declaration, including attorneys' fees, and any costs incurred by the Association pursuant to Article VII (Sections 7.03 and 7.04) and Article XI (Section 11.02) of this Declaration.

Section 4.05. Effect of Non-payment of Assessments. Assessments shall be due and payable by the Owners in such manner and at such time as the Board shall designate. If not paid within fifteen (15) days after its due date, each such Assessment shall have added to it a late charge of \$15.00 or ten percent (10%) of the Assessment, whichever is greater. The Association may foreclose its Assessment lien and bring an action at law against the Owner personally obligated to pay same, and in the event that a judgment is obtained, such judgment shall include interest, late charges on the Assessment, reasonable costs of collection, and attorneys' fees, together with the costs of the action.

Section 4.06. Uniform Assessment. The rate of Annual and Special Assessments shall be uniform as to each Lot.

Neither the Declarant nor the Board of Directors (including any member thereof) shall have any liability to any Owner or to the Association if such reserves prove to be inadequate.

Section 4.11. Subordination of Lien to Mortgages. The Association's Assessment lien provided for herein, including without limitation any late charges, reasonable costs of collection, and attorneys' fees incurred in connection therewith, shall be subordinate to the lien of any first deed of trust recorded against a Lot. Sale or transfer of any Lot shall not affect the Association's Assessment lien or charges, except that sale or transfer of any Lot pursuant to a trustee's sale or foreclosure of any such first deed of trust or proceeding in lieu thereof, shall extinguish the lien of such Assessment charges that became due prior to any such sale, foreclosure or proceeding, including a deed in lieu of foreclosure.

All leases shall be to Single Families only, and for an initial term of at least ninety (90) days. All leases must be in writing and specify that failure of the lessees to comply with this Declaration and/or the Association Rules constitutes a default under any such lease. The Owner shall be liable for any violation of this Declaration by the lessees or other persons residing in the residence, including their guests and invitees, and in the event of any such violation, the Owner, upon demand of the Association, shall immediately take all necessary actions to correct any such violations.

At least ten (10) days before commencement of any lease term, the Owner shall provide the Association with the following information: (a) the commencement date and expiration date of the lease term; (b) the names and telephone numbers of each of the lessees and each other person who will reside in the residence during the lease term; and (c) the address and telephone number at which the Owner can be contacted by the Association during the lease term. No trailers of any kind, motor homes, mobile homes, recreational vehicles, boats, commercial vehicles (except those specifically permitted by A.R.S. §33-1809) or similar vehicles and/or equipment shall be parked or stored in such a manner so as to be Visible from Neighboring Property for more than a total of five (5) days in any ninety (90) day period, except with the written consent of the Board of Directors. The Board of Directors may promulgate Association Rules that limit and/or restrict parking on streets within the Subdivision.

Section 5.06. Recreational Equipment. No recreational equipment, including but not limited to basketball hoops and jungle gyms, should be erected or placed on any Lot in such a manner as to be Visible from Neighboring Property, unless such equipment and its location has received prior written approval of the Board of Directors.

(i) No development, construction, grubbing or clearing is permitted within the Natural Open Space Areas.

(ii) No dumping of any kind including, but not limited to, refuse or other unsightly, offensive or toxic materials is permitted within the Natural Open Space Areas.

(iii) The Natural Open Space Areas shall not be subdivided or split.

None of the above is intended, nor shall it be interpreted, to preclude the Association from performing restoration and/or mitigating damage to the Natural Open Space Areas that may occur as a result of a violation of this Article VI.

The Association shall retain all responsibilities and bear all costs (subject to its right to reimbursement under Article VII, Section 7.03 of this Declaration) and liabilities of any kind related to ownership, operation, upkeep and maintenance of the Common Features and Natural Open Space Areas. The Association shall be responsible for enforcing the restrictions on the use of the Natural Open Space Areas, as set forth above, and for promptly repairing any damage done to the Natural Open Space Areas in violation of these restrictions. Pima County shall also have the right, but shall not be obligated in any way, to enforce the above restrictions. The Association shall defend and hold Pima County and its officers, employees, and agents, harmless from and against any loss, cost, liability or expense, related to the maintenance, use (whether in compliance with or in violation of the above restrictions), or disturbance of the Natural Open Space Areas.

This Article VI may not be amended without the prior approval of Pima County.

ARTICLE VII MAINTENANCE

Section 7.01. Maintenance by Association. The Association shall maintain, repair and replace the Common Features and Natural Open Space Areas pursuant to its obligations under this Declaration and the Open Space Covenants.

Section 7.02. Maintenance by Owners. Each Owner shall be solely responsible for keeping his Lot in a neat, clean and attractive manner and shall keep the improvements thereon in good repair, including, but not limited to, the maintenance, repair, and replacement of any improvements thereon, any utility lines within the boundaries of the Lot, and the landscaping of the Lot (except for those portions of the Lot that are Natural Open Space Areas), all in accordance with this Declaration and the Association Rules. Each Owner shall also be responsible for the maintenance of any public right-of-way areas (between sidewalks or roads and the Owner's Lot), or other public or easement areas adjacent to the Owner's Lot unless the maintenance of such areas is the responsibility of the Association, a utility, or a governmental or similar authority.

Section 7.03. Damage to Common Features and Natural Open Space Areas. No Owner (including his guests, lessees, licensees, and invitees) shall in any way damage or destroy any Common Feature or improvement thereon or cause damage to the Natural Open Space Areas. Any expenses incurred by the Association by reason of any such act, including all attorneys' fees incurred by the Association, shall be paid by the Owner upon demand and any such amounts shall constitute an Individual Assessment against such

Owner's Lot.

Section 7.04. Nonperformance by Owners. If any Owner fails to maintain any portion of his Lot or the improvements thereon in conformance with this Declaration, the Association may, but is not required to, after fourteen (14) days written notice, enter the Lot without being deemed guilty of any trespass, to perform the maintenance and repairs not performed by the Owner. The cost of any such work performed by or at the request of the Association, including all attorneys' fees incurred by the Association, shall be paid for by the Owner of the Lot upon demand from the Association and constitute an Individual Assessment against such Owner's Lot.

ARTICLE VIII DESIGN CONTROL

Section 8.01. Design Control. No building, wall or other structure shall be commenced, erected, or maintained upon a Lot, nor shall any addition to or change in or alteration of the Lot (including but not limited to excavation, demolition, grading, or landscaping) or the exterior of any improvements thereon (including but not limited to the paint color of a residence) be made until plans and specifications showing the nature, kind, shape, height, materials, and location of same shall have been submitted to and approved in writing by a Design Review Committee ("DRC") comprised of at least three (3) persons appointed by the Board of Directors. In determining whether to grant approval for any architectural plan, the DRC shall consider whether the proposed plans are in harmony with the general surroundings and structures, and may, but is not required to, consult with the Owner(s) of any nearby Lot(s). The DRC may establish fees to defer the costs of reviewing any submitted plans, and the payment of such fees shall be required before any submission shall be deemed complete. In the event the DRC fails to approve or disapprove such plans within sixty (60) days after said plans have been submitted, approval will be deemed granted. However, in the event the DRC shall notify the requesting Owner in writing within such time period that it is necessary to obtain independent advice from a licensed architect, or other professional consultant, then the DRC must approve or disapprove said plans within sixty (60) days of obtaining such advice or approval will be deemed granted. All construction of plans and specifications approved by the DRC must be completed within one (1) year of such approval unless additional time is expressly granted by the DRC, and the DRC may require the posting of a performance bond to ensure completion. During the period of any approved construction on a Lot, and during a reasonable time immediately thereafter, the DRC may, at any reasonable time and after reasonable notice, without being deemed guilty of trespass, enter and inspect any Lot to ascertain whether the improvements or modifications being constructed thereon are being, or have been built in compliance with the approved plans and specifications.

Section 8.02. Design Guidelines. The DRC may establish design guidelines governing Lots and the improvements thereon, subject to approval by the Board of Directors, which establish standards and procedures including, but not limited to, construction requirements,

refundable and non-refundable construction deposits, landscaping requirements, design review fees, and guidelines concerning the style and design of any improvements for the purpose of protecting, enhancing, and maintaining the residential atmosphere and harmony of the Lots and the improvements thereon ("Design Guidelines"). The Design Guidelines have the same binding force and effect as the provisions of this Declaration, and may be adopted, amended, repealed, restated or otherwise modified by the DRC, subject to approval of the Board of Directors, without the consent or vote of the members of the Association. The DRC may grant variances to the Design Guidelines where the topography or location of the property lines of any Lot, or the configuration of the structure thereon, or the combination thereof, prevent reasonable construction of structures in accordance therewith.

Section 8.03. Liability. Neither the Board of Directors, nor any member of the DRC shall be liable in damages to anyone submitting plans for approval, or to any Owner of land subject to this Declaration by reason of mistake in judgment, negligence or non-feasance arising out of or in connection with (a) the approval, disapproval, or failure to approve any plans, drawings or specifications, whether or not defective; or (b) the construction or performance of any work, whether or not pursuant to approved plans, drawings and specification. Anyone submitting plans to the DRC for approval, and any Owner acquiring title to any Lot covered by this Declaration, waives his claim for any such damages.

ARTICLE IX: EASEMENTS

Section 9.01. Utility Easement. There is a blanket easement upon, across, over and under all Lots (except such portions designated as Natural Open Space Areas) and the Common Features for installing, replacing, repairing and maintaining all utilities, including, but not limited to water, sewer, gas, telephone, electricity and cable television. By virtue of this easement, it shall be expressly permissible for the providing utility to erect and maintain facilities and equipment in the Common Features.

Section 9.02. Declarant Easement. There is an affirmative, nonexclusive easement in favor of Declarant for ingress and egress over all Common Features and Lots for purposes reasonably related to Declarant's rights and obligations hereunder and to the development of the Property. Section 9.03. Drainage Easement. There is an easement over each Lot in favor of the remainder of the Property for reasonable drainage from the Property and to accommodate existing drainage patterns.

Section 9.04. Easement for Encroachments. If any portion of an improvement encroaches upon any adjoining Lot, including any future encroachments arising or resulting from the repair or reconstruction of an improvement subsequent to its damage, destruction or condemnation, an easement on the surface and for subsurface support below such

surface and for the maintenance of same, so long as it stands, shall exist.

Section 9.05. Easement for Maintenance. There is a blanket easement, in favor of the Association, upon, across, over and under all Lots for the purpose of maintaining, repairing and replacing the Common Features and performing its obligations with respect to the Natural Open Space Areas under this Declaration and the Open Space Covenants.

Section 9.06. Miscellaneous Easements. In addition to the blanket easements granted herein, the Association is authorized and empowered to grant upon, across, or under real property owned or controlled by the Association such permits, licenses, easements and right-of-way for power, telephone, natural gas lines, water lines, underground conduits, storm drains, television cable and other similar public or private utility purposes as may be reasonably necessary and appropriate for the orderly maintenance, preservation and enjoyment of the Property or for the preservation of the health, safety, convenience and welfare of the Owners, provided that any damage to a Lot resulting from such grant shall be repaired by the Association at its expense.

Section 9.07. Existing Easements. The easements established in this Declaration shall in no way affect any recorded easement on the Property.

The fidelity bond or insurance must name the Association as the named insured and shall be written to provide protection which is in no event less than one and one-half (1½) times the Association's estimated annual operating expenses and reserves.

D. Other. Such other insurance as the Board shall determine from time to time to be desirable.

Section 10.02. Non-Liability of Association. Neither the Association nor any Board member shall be liable to any Owner or other person if any risks or hazards are not covered by the Association's insurance policies or if the amount of any Association insurance policy is not adequate.

It shall be the responsibility of each Owner, occupant or other person to provide for himself insurance on his own Lot, the improvements thereon, any furnishings and personal property therein, and any personal liability or other insurance as the Owner may desire.

Section 10.04. Damage or Destruction. In the event of damage or destruction to any Lot due to fire or other adversity or disaster, the Owner shall promptly repair and restore the Lot to substantially the same condition in which it existed prior to such damage or destruction.

ARTICLE XI GENERAL PROVISIONS

Section 11.01. Enforcement. The Association and its members have the right, but not the obligation, to enforce the provisions of this Declaration against any member of the Association, including the right to bring an action in any court of law or equity having competent jurisdiction. The Association may impose reasonable monetary penalties against any Owner for the breach of this Declaration or Association Rules upon written notice to such Owner and after providing Owner with the opportunity to be heard by the Board of Directors regarding such breach no less than five (5) business days after such notice has been given.

In the event the Association employs an attorney for collection of any Assessment, or to enforce compliance with or specific performance of the terms and conditions of this Declaration or the Association Rules, or for any other purpose in connection with the breach of this Declaration or the Association Rules, whether by suit or otherwise, each Owner agrees to pay all attorneys' fees and costs thereby incurred by the Association in addition to any other amounts due or any other relief or remedy sought or obtained against said Owner. Such attorneys' fees and costs shall constitute an Individual Assessment against the breaching owner's Lot.

GENERAL

This report includes: Lots 1 THRU 3, AND 5 THRU 12

The map of this subdivision: is recorded in Book 60, page 20, records of Pima County, State of Arizona.

The subdivision is approximately 174.07 acres in size. It has been divided into 42 lots. All "non natural open space area" delineated on the subdivision plat will be temporarily staked. Temporary rebar stakes with vertical PVC tubing will be placed at each location where a "non natural open space area" intersects a lot boundary or "non natural open space area."

YOU ARE ADVISED TO OBTAIN A COPY OF THE RECORDED MAP AND CORRECTION DOCUMENTS, IF ANY, AND NOTE ALL EASEMENTS, RESTRICTIONS AND STATEMENTS CONTAINED THEREIN.

SUBDIVISION LOCATION

Location: Houghton Rd. and Ocotillo Rim Trail, Tucson, Pima County, Arizona. Take Houghton Road South of I-10 - ten miles to subdivision.

SUBDIVISION CHARACTERISTICS

Topography: The majority of the subdivision consists of gently rolling terrain with significant intervening washes, including a large wash that runs from south to north near the easterly boundary. The area is sparsely to moderately vegetated with natural desert plants, primarily ocotillo, mesquite, palo verde, and greasewood.

Flooding and Drainage: In a letter dated October 3, 2005, by CMG Drainage Engineering, Inc., it states: "The building envelopes for Ocotillo Preserve Lots 1-42 are not located within a regulated FEXA floodplain according to the effective FIRM Panel #04019C3450K, dated February 8, 1999. The property lies within a FEMA Zone X.

A drainage report completed by CMG Drainage Engineering, Inc. for Ocotillo Preserve Lots 1-42 identified 100-year floodplain limits and erosion setbacks for natural washes draining through the subdivision. All subdivision lots contain building sites that are outside of the delineated 100-year floodplain limits and erosion setbacks."

Runoff enters the subdivision at points of concentration located primarily along the east and south boundaries. The development plan will allow runoff to enter and be conveyed through the subdivision in the existing wash network. Culverts will be provided where the existing wash network intersects with the proposed roadway network.

Soils: Not subject to subsidence or expansion. A geotechnical report prepared by Ralph Pattison, P.E., states in part... "The types of soils we encountered at this site are not expected to have expansive potentials."

Adjacent Lands and Vicinity: The land to the north, south and west is zoned RH (rural homestead) and to the east is zoned IR (institutional reserve). The subdivision is located in the

Santa Rita Foothills and borders the Coronado National Forest on its entire eastern boundary and the western portion of its southern boundary, and borders Arizona State land on the western portion of its northern boundary. The vicinity is predominantly single family residences, with an elementary approximately 2 ½ miles north of the subdivision. A church, golf course and a number of small commercial developments are approximately 2 ½ to 3 miles north. No unusual safety factors or nuisances are known to applicant.

Airport: Tucson International Airport is approximately 15 miles away
